

Go Event Group

WEDDING BROCHURE & PRICING

New England's Premier total entertainment solution

Our entertainment and talent team are designated to your wedding day. You will only work with the people requested by you, unlike other companies where you only meet the team the day of your wedding. Our team is award winning and voted Best of Connecticut, time after time.

"I can't say enough amazing things about GoDJ Entertainment! I would highly recommend booking them for DJ/Photo/Video because the entire team is phenomenal and will bend over backwards to make your day perfect. Andy got every single person on the dance floor. My family and friends are all saying that it was the funnest wedding they have ever attended. Mel is so creative and will make your wedding look like a fairytale. We are in love with every one of my 1,000,000 pictures (really she takes a lot)! Mel accommodated all of our requests with a smile on her face the entire time. They also put together a stunning trailer that perfectly captured the day! Booking GoDJ entertainment was the best decision we made for our wedding!"

-KRISTI N, 08/17/2019

"We used GO DJ Entertainment for our DJ/MC, photography, videography and photo booth needs! Everyone that works for their company is professional and worked incredibly hard from beginning to end to make sure we had our dream wedding. Special shout out to Mel B. and Steve who ran around all day to ensure we had all the perfect shots for our photos and video. Use them for EVERYTHING you will not regret it."

-LINDSEY, 09/28/2019

Our all-inclusive packages are one of a kind.

Our all-inclusive packages are one of a kind. As an industry leader, we are the envy of other companies. Our company embodies professionalism that sets the industry tone.

DANCE ON THE CLOUDS

CO2 BLASTER GUNS

COLD SPARK

PREMIUM ADD ONS

BRING FLAIR TO ANY VENUE

DANCE ON THE CLOUDS : \$ 1,199

As you take the floor for the very first time as a married couple the floor will fill with enchanting clouds. The clouds look thick and raise approximately 12-18 inches from the floor. Therefore, it will truly look like you are dancing on clouds. To enhance the moment even more we will add lighting to the dance floor and/or place a spotlight on during the song.

Dancing on the Clouds is perfectly safe and you need not worry about fire alarms being set off. This technique is created using dry ice and almost every venue will allow it. What's more is that you don't have to worry about messing up your dress or shoes either. Due to using dry ice, rather than a fog machine, this is 100% residue free. So not only is it safe but it's also very clean.

CO2 BLASTER GUNS : \$ 400 A PIECE

FEELING A LITTLE HEAT FROM DANCING?

Cool off in style with a blast of chilling COLD air. Bursts of freezing temps spray from a light up gun - Cool off your audience and party in style! 10-15ft sprays at 30 second clips are guaranteed to be remembered forever!

GEYSERS : \$399

Shoot off fog in a dynamic pyrotechnic-like effect that creates thrilling bursts of smoke lit with LEDs for endless color capabilities. Bursts of fog controlled upwards or outwards without the use of any toxic chemicals, fire or heavy CO2 canisters. Volcano, Geyser and Fog real life effects.

COLD SPARK : \$ 1,499

NOT FLAMMABLE OR HOT!

Looking for the show of a lifetime? Whether its your last dance, grand finale, first dance or throughout the night. Our indoor or outdoor Cold Spark Sparklers are revolutionary sparklers that use no heat, fire, flame, or dangerous combustibles to create beautiful showers of sparkles. The Cold Sparklers create the perfect touch to your photos that will help to create memories that last a lifetime while giving your guests that memorable experience saying "wow"!

GEYSERS

Let's discuss your dream wedding

GOEVENTGROUP.COM/MEET | (413) 391-4635

When you set up a no-pressure consultation with our sales team you will immediately see what sets us apart. We custom cater every desire and no two events are ever the same. A sales coordinator from our company will work with you from the start of the planning process until your wedding day. It's like you're working with a wedding planner all inclusively with our team and not spending a penny more!
